

Avastor Prize Winners Announced at 2009 ANNUAL Nashville AES Golf Tournament

(Pictured L to R) Morgan Hobbs of Black River Music Group and Mike Whitaker of NTS Pro Media.

Nashville, TN June 4th 2009

Avastor, a leading manufacturer of ultimate storage solutions for audio/video professionals, recently showed its support for the audio industry by donating its latest PDX Bus Powered Pocket hard drives for a prize draw at the Audio Masters Golf Tournament, coordinated by the Nashville Chapter of AES.

Lucky winners included Morgan Hobbs of Black River Music Group – as well as John Fox of Sony Music Entertainment A&R in Nashville.

The new Avastor PDX Pocket drives offer functionality and large capacity storage in a small 2.5" package. There are two models: PDX200 (USB2.0) and PDX800 Firewire Triple (FW400/800/USB2.0). They are available in capacities from 160GB-500GB with a 7200rpm drive speed option for maximum performance.

The PDX is ideal as a ultra-portable data management system for media-rich digital content such as video, music, and photos.
Avastor drives are distributed in Nashville by NTS Pro Media.
